### PE and School Sport Funding- George Fentham Endowed School

#### Introduction

In April 2013, the Government announced new funding to support schools in improving the quality and breadth of PE and sport provision. Schools are free to determine how best to use this funding and at George Fentham we have referred to the Ofsted document "*Inspecting primary school PE and school sport: new funding, Annex A: examples of effective use of PE and sport funding*" when deciding on how to spend this funding in order to best meet the needs of our children.

At George Fentham School we feel it is important to encourage pupils to lead healthy and active life styles. We endorse a holistic approach to the development of sport and physical activity for all. We aim to continue to enhance the quality of teaching and learning of physical education, raise standards and achievements and increase participation levels in PE for all pupils.
